## Candidates- Wineries

### SE Winery

#### ***Bob Utter- Flying Otter Winery***

For over 10 years Bob has been owner, winemaker, and vineyard manager at Flying Otter Winery in SE MI. Since the sale of Flying Otter Bob has stayed on to steward the vineyard and winery into a new era. Formerly active in VESTA including curriculum development, Bob has displayed a significant passion for viticulture and enology as well as enhancing the Michigan wine industry.

#### ***Current Term Achievements:***

- Founding member of previous Cold Climate Committee

#### ***Priorities/Initiatives:***

- Actively participate in PA232 initiative.
- Continue to remind everyone that vineyards and wineries are thriving in all of Michigan, not just west and northwest Michigan.

## Winery- Other Region

### Executive Board- Treasurer

#### *Peter King- Drew Ryan Wines*

My name is Peter King III and I am in my second year a treasurer for the Michigan Wine Collaborative. I am the co-founder of Drew Ryan Wines located in Detroit Michigan. In addition, I have more than a decade of accounting experience. I hold a BBA in Accounting from Tennessee State University. Some of my career achievements that would directly benefit the collaborative would be my experience with GAAP accounting, financial data analysis as well as process automation. In addition, I have over a decade of experience using QuickBooks online. Over the past two years as the treasurer for the Collaborative I have automated the check distribution/payroll process for our executive director and for some of our routine vendors. Each month for our monthly zoom calls I have presented a monthly expense report to the board. I filed our 2022 tax returns, and I also reconciled our QuickBooks account to match our general checking account when I first started as the treasurer for the Michigan Wine Collaborative.

#### **Priorities/Initiatives:**

1. Ensure quality financial reporting and budgeting
2. File tax returns
3. Provide insight on financial strategies or financial goals of the collaborative

## Grower (Other Region)

#### *Bob Sorenson- Pleasant Valley*

Bob's passion for wines began like many others – a love for the diverse choices, flavors, and pairings that they offer. What started as a challenge from a relative has evolved into a family venture that includes owning a vineyard, processing various wines, and establishing a tasting room. This journey has been both rewarding and challenging, with the Sorensen family embracing the yearly hurdles posed by Mother Nature, along with the ongoing learning and hard work that accompany this endeavor. Bob found great joy in the supportive and collaborative community of grape growers and winemakers, which has enriched his experience.

Until recently, Bob was a partner at Eastbrook Homes, a residential development and building company serving the West and Central Michigan regions, from Lansing to Holland and Grand Rapids to Muskegon and Whitehall. They focused on both suburban and urban projects, contributing to the growth of our cities.

Dedicated to education, Bob has been an advocate of the charter school movement in Michigan, serving as President of the Board at Eagle Crest Charter School for several years. Currently, Bob is a proud member of the Board and Executive Committee for Grace Adventures, a nonprofit family Christian organization based in Mears, Michigan.

## **NW Grower**

### ***Barry O'Brien- O'Brien Vineyards***

After graduating from Michigan State University, Barry OBrien began his career in the wine trade as a Wine Waiter and Sommelier in Boulder Colorado at The Flagstaff House, a Four Star restaurant and one of the first Grand Award winning wine lists. He then toured many European wine growing regions from a base in Barcelona, before moving to New York City to work for the Mœt-Hennessy group in Sales and Marketing. While in NYC, Barry researched and completed his dissertation on Cool Climate Viticulture for The Institute of Masters of Wine based in London.

In 1997, Barry founded Select Fine Wine Imports to begin importing and distributing wines from New Zealand, Argentina, Chile and Spain. Following his marriage to Laura Minervini, the company was moved to Traverse City where they bought property and planted a vineyard on the Old Mission Peninsula. Barry's interest in Cool Climate Viticulture resulted in planting Pinot noir, Riesling and Gewürztraminer with a focus on Sparkling wines and dry farmed dry table wines. Following a return to MSU for a degree in Viticulture, Barry has recently launched Ö'Brien Vineyards and has opened a tasting room at The Village at Grand Traverse Commons in Traverse City.

#### **Priorities/Initiatives:**

- A strong focus on creating more traction and placements for "Local" wine distribution in Restaurants and retailers throughout the state.
- Stimulate more exposure in the national wine press for Michigan wines
- Generate enthusiasm for "Climate Appropriate" and sustainable wine styles from Michigan regions.

### ***Robert Schutzki, PhD- Daddy Long Legs Vineyard***

Retired faculty member from Michigan State University Department of Horticulture after 38 years with responsibilities in teaching and extension. Teaching and extension responsibilities focused on the landscape and nursery industry. He has served on national, regional, and state committees related to the green industry and our outdoor environment. Started Daddy Long Legs Vineyards with Scott Schutzki in 2011. It is a 7-acre vineyard growing 7 varieties (3 hybrids, 4 vinifera) composed of 3 reds and 4 whites. Annual Harvests (plus/minus 20 tons) are sold to Michigan wineries. Member of the Michigan Wine Collaborative and P45.

#### **Priorities/Initiatives-**

- Promoting research and education for the grape and wine industry. More specifically, working on the Wine Grape Growers PA 232 program.
- Developing research priorities for vineyards and wineries and evaluating educational needs (both in the field and in the winery) for the industry.
- Promoting Michigan wines to the consumer focusing on award winners, unique varieties, and characteristic blends.

## Tourism

### *Ed Peabody- HOUR Media/Michigan Wine Country Magazine*

Ed Peabody is publishing director at Hour Media, headquartered in Troy, Michigan, and has been part of the Michigan wine industry for 20 years. For many years, Ed worked with the Michigan Grape and Wine Industry Council (MGWIC) to publish Michigan Wine Country magazine. When it became apparent that the MGWIC was facing dissolution, Ed convinced the ownership of Hour Media and lobbied MDARD to transfer full responsibility for the magazine to Hour Media. Thanks to advertising support from Michigan wineries and other industry stakeholders, he will continue to publish this vital promotional tool, whose mission is to stimulate Michigan wine tourism.

Ed has been the Tourism board member of the Michigan Wine Collaborative since 2019 and serves on the marketing committee, where he played a key role in the development of the Taste Michigan brand by bringing Mark Lantz, author of the iconic Pure Michigan campaign and owner of Factory Detroit, to the table.

## IT Specialist

### *Jeff Wheeler- Thistlevale Vineyard*

Jeff Wheeler leads a global technology organization responsible for a platform supporting over \$1 billion in annual revenue. With a passion for people, community, and the transformative power of AI, he is dedicated to fostering innovation, collaboration, and sustainable growth across industries.

Outside of his corporate leadership, Jeff and his wife are pioneering the first vineyard and winery in the Caledonia, Michigan area. Committed to organic and regenerative farming practices, he aims to be a responsible steward of the land while building a community-centered agricultural business.

A devoted husband, father of two, and the proud wrangler of a golden retriever, Jeff brings a holistic perspective to leadership, balancing professional excellence with personal values of sustainability, family, and community impact

#### **Priorities/Initiatives:**

- **Provide a Secure and Reliable Technology Platform**  
Establish a stable, secure, and user-friendly digital platform where members can easily access resources and collaborate. Regularly update and maintain the platform to meet evolving member needs.
- **Build Strategic Technology Partnerships**  
Develop relationships with technology providers who offer tools and services that support both wineries and vineyards. Create opportunities for member-exclusive discounts, education, and collaboration with these partners.
- **Understand and Align with Member Technology Needs**  
Engage with members through surveys, meetings, and feedback sessions to better understand their technology challenges. Use this input to create a unified strategy that delivers practical solutions for all members.
